CARE INSTRUCTION FOR TOP LEATHER WITH PU FURNITURE

In order to maintain the original appearance of your furniture, please follow below care procedures.

°Avoid exposing furniture directly to sunlight or heating and air conditioning outlets. Sunlight and/or exposure to heating and air conditioning outlets will fade/damage top leather with PU. Do not place your upholstered furniture too close to windows, radiators, vents and be sure to use window treatments to block the sun's rays.

°Wipe with a soft brush to remove dust.
